

16 to 19 Tuition Fund Statement

At Elstree Screen Arts Academy we are fully committed to ensuring that our students are given as many opportunities as possible to ‘catch up’ for the disruption to their studies caused by the coronavirus pandemic.

We are closely following government guidelines as to where the £10,185 given to students as the 16-19 Catch Up Tuition Fund will be spent. The funding is meant to support small group tuition for students aged 16 to 19 in English, maths and other subjects that have been disrupted, including vocational and/or academic learning. All students must be on a 16 to 19 study programme and the funding should be used to support the tuition activity above and beyond the programmes of education already planned. It is for students who:

- have not achieved a grade 4 or 5 in English and/or maths
- have a grade 4 or above in English and/or maths, are from an economically disadvantaged background and would need catch-up support.
- have special educational needs and disabilities (SEND) to catch up on both vocational and academic learning
- who have had disrupted learning, for example on vocational courses where assessment has been deferred because of lockdown
- who may benefit from small group tuition to reach their full potential

We have therefore identified the following numbers of students to receive tutoring in these specific areas:

English Functional Skills Year 12	English Functional Skills Year 13	Maths Functional Skills Year 12	Maths Functional Skills Year 13	EHCP students in Years 12 and 13	Students in receipt of bursary payments in Years 12 and 13
2	3	11	19	2	23
